

TC8 GLASS STAND

Easy Assembly Instructions

May we take this opportunity to thank you for purchasing this TC8 Glass Stand. We strongly suggest that you carefully study these assembly instructions before attempting to assemble the unit, and that you observe the listed precautions.

Please read these precautions before assembling and using this unit.

- 1** Take care when unpacking to avoid scratching the glass.
- 2** Ensure plastic spacers are used on both sides of the glass shelves.
- 3** Check stand is sitting level, adjust the feet as required.
- 4** Do not put very hot, or cold, items directly on the glass shelves.
- 5** Do not allow any hard, or sharp, objects to come in contact with the glass shelves.
- 6** Do not use abrasive cleaners on the glass, use only a damp cloth and glass/mirror cleaner.

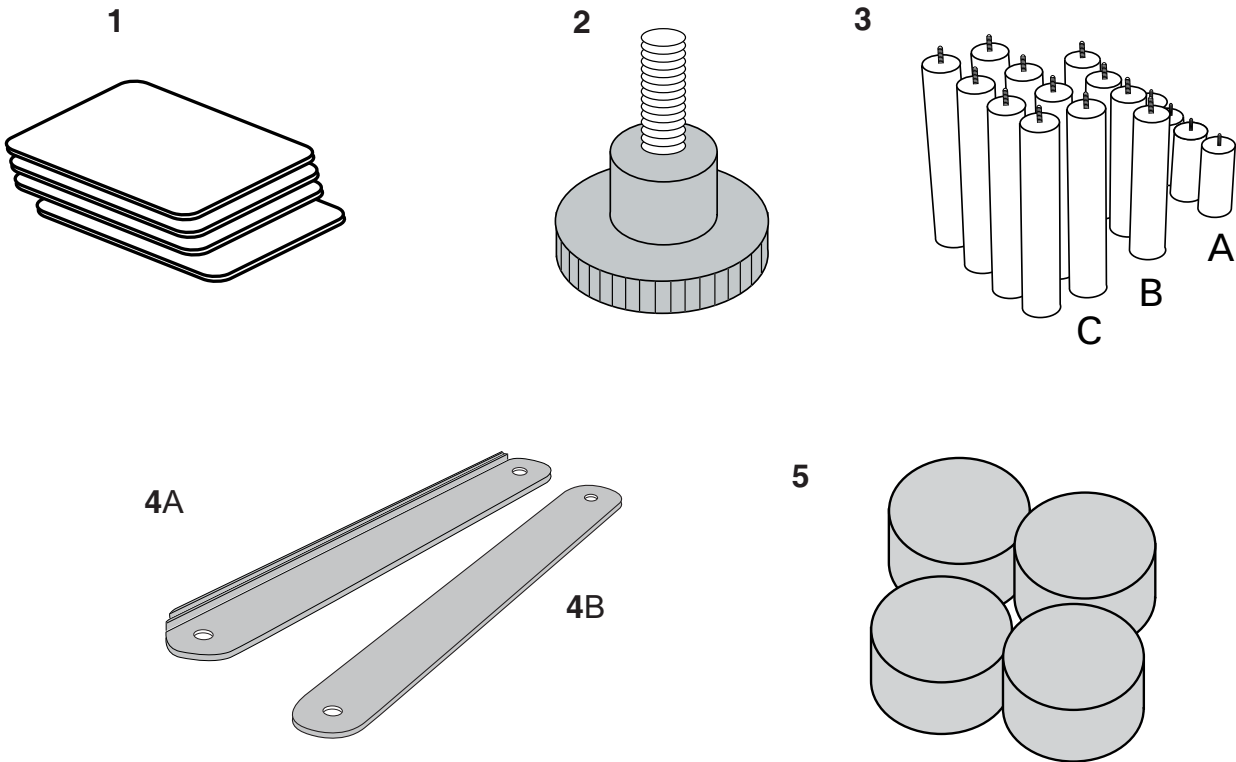

If a glass shelf is chipped or broken, replace with the same type of glass only. Contact the Acoustic Solutions Helpline on **01327 340601** for any replacement items. This line is manned from 9:00am until 4:30pm, Monday to Friday.

CAUTION Do not overload glass shelves.

Maximum load per shelf is 15Kgs

Component parts and fittings contained in the box

Remove all parts from the carton and inspect them. If you find any damaged or missing parts please contact the Acoustic Solutions Help Line on **01327 340601** for replacements. This line is manned from 9:00 am until 1:00 pm and 2:00pm until 4:30pm, Monday to Friday.

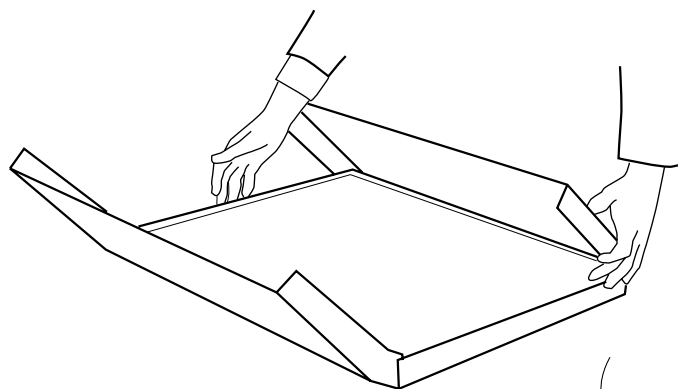

Part No	Name	Quantity
1	Glass shelves	4
2	Adjustable feet	4
3	Support columns A 8 cm B 14.8 cm C 20 cm	4 x A 4 x B 8 x C
4A	Plastic spacers for shelves (Underside)	8
4B	Plastic spacers for shelves (Top side)	8
5	Top shelf column end caps	4

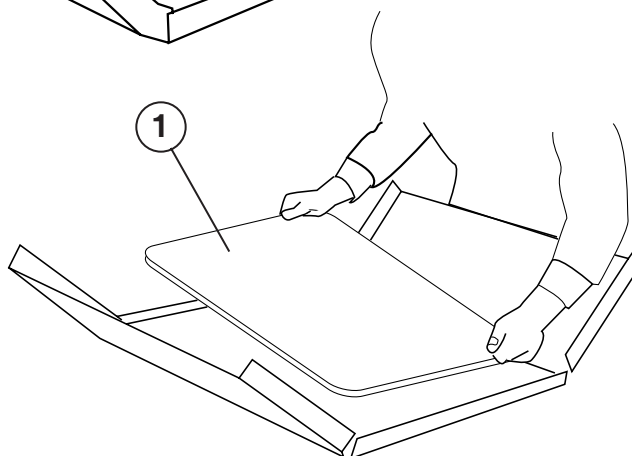

ASSEMBLY

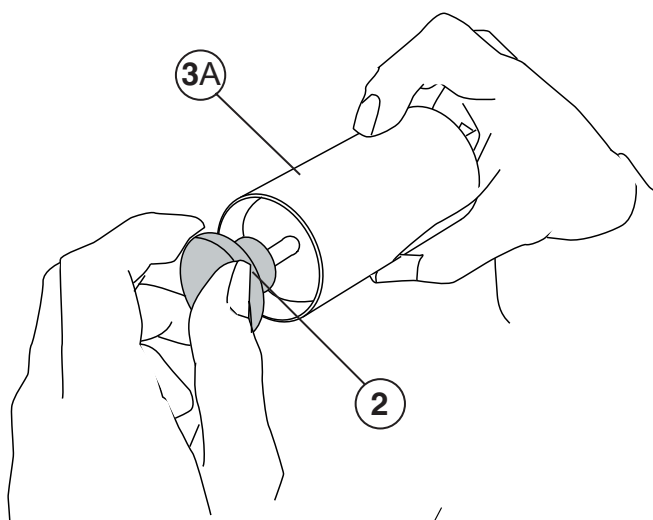

- 1** Open the packaging taking care not to scratch glass with any of the fixings.

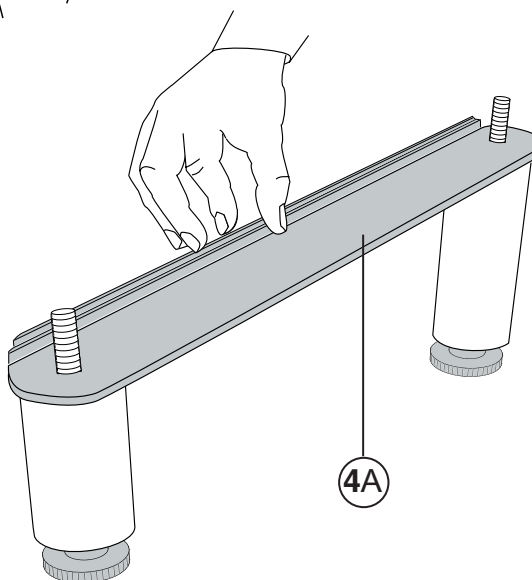

- 2** Remove and store glass shelves safely. Please note that the piece of glass with the Rax logo on the front is usually placed on the stand as the top shelf.

- 3** Screw feet 2 into each of the size 3A supporting tubes.

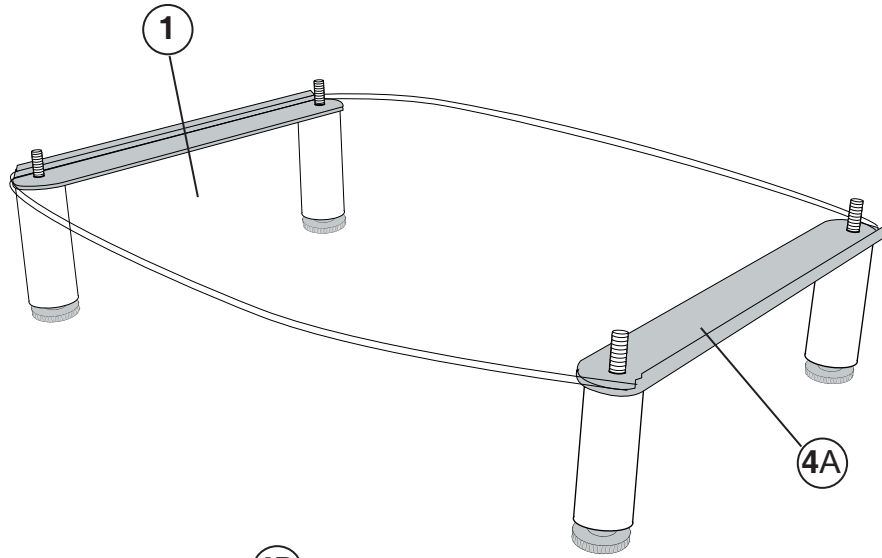

- 4** Place two plastic spacers 4A over the threads of support tubes 3A.

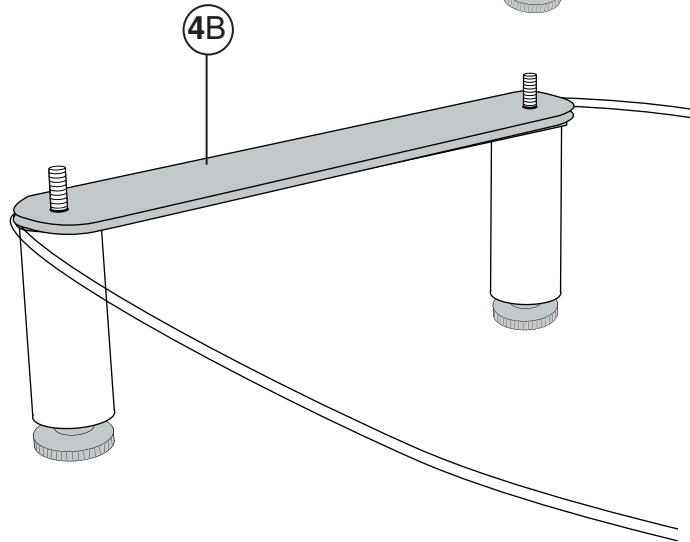

ASSEMBLY

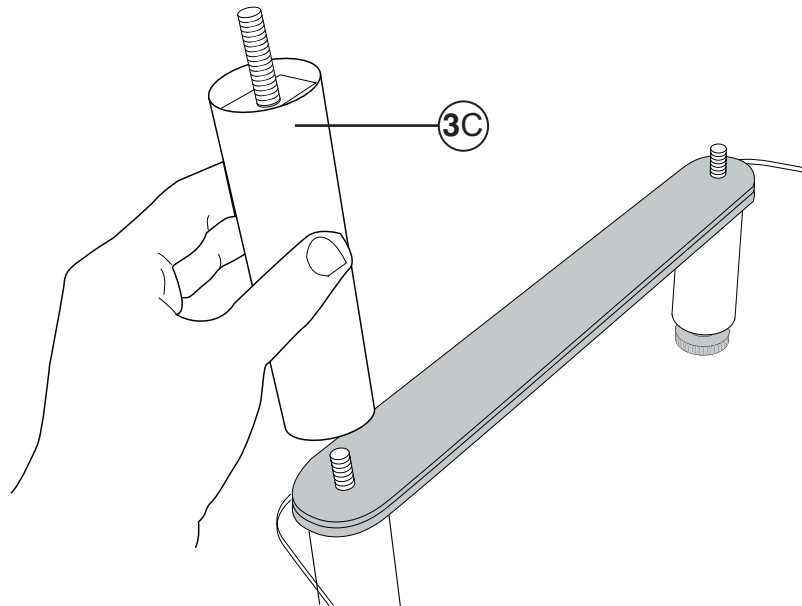

5 Take the first glass shelf 1 making sure that you handle with care and place it onto support tubes 3A.

6 Place two plastic spacers 4B over the threads of support tubes 3A.

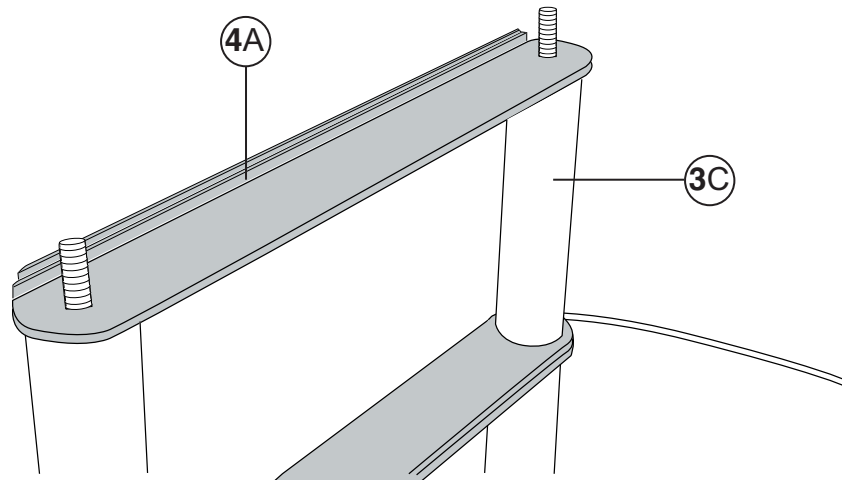

7 Take four support tubes 3C and screw onto the threads of support tubes 3A.

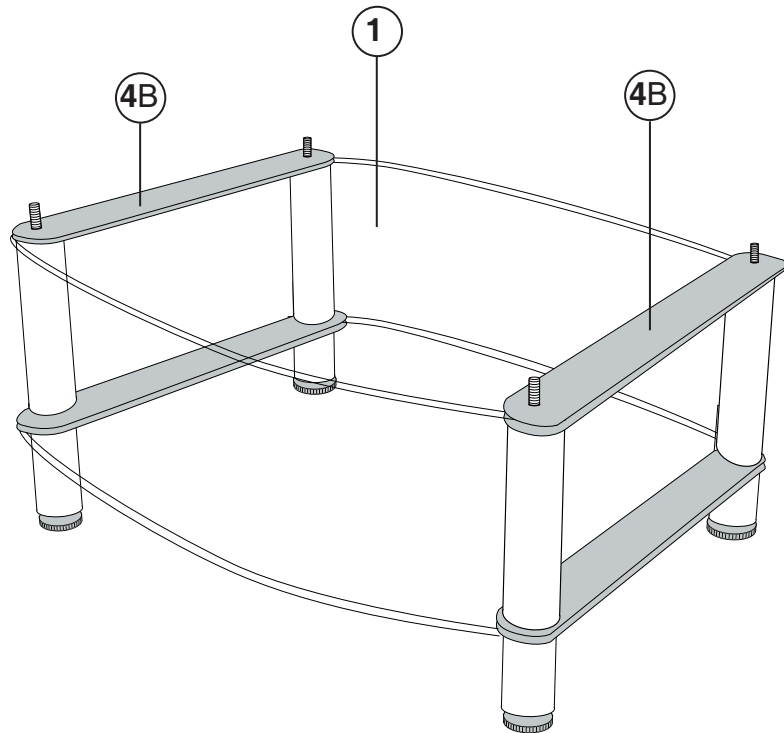

ASSEMBLY

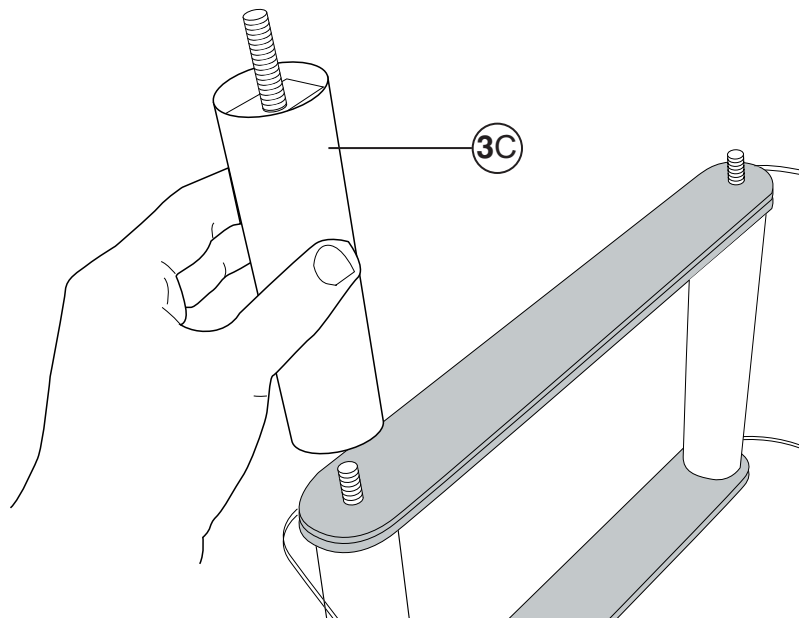

8 Place plastic spacers 4A onto the threads of support tubes 3C.

9 Place your next piece of glass 1 onto support tubes 3C and then place the plastic spacers 4B onto the threads of the support tubes.

10 Screw on another set of support tubes 3C.

ASSEMBLY

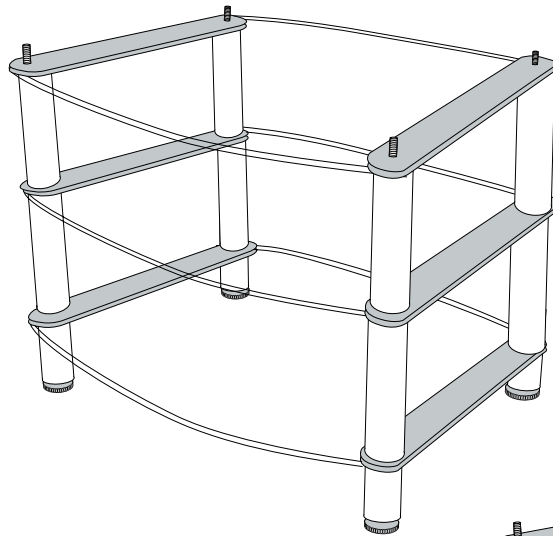

11 Place two more plastic spacers 4A onto support tubes 3C and then the next piece of glass 1 followed by two plastic spacers 4B.

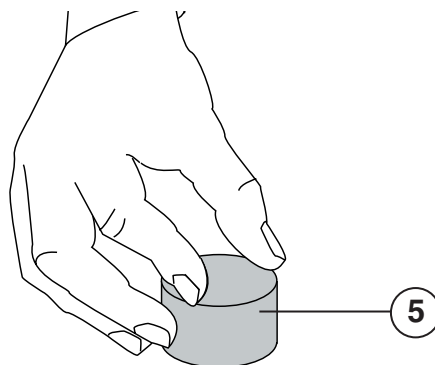

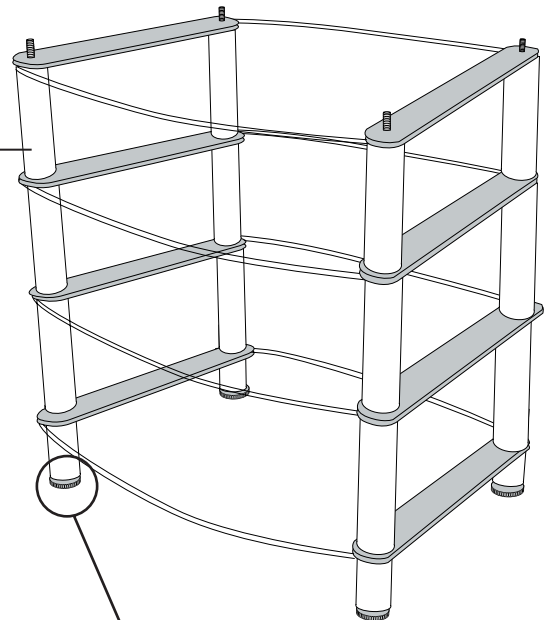

12 Take four support tubes 3B and screw onto the threads of support tubes 3C. Take the last piece of glass 1 and two more plastic spacers 4A and place onto the threads of support tubes 3B, followed by plastic spacers 4B.

13 Screw the four end caps 5 onto the support tubes 3B.

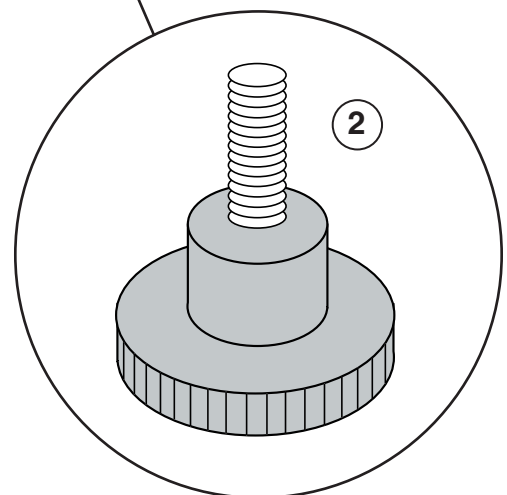

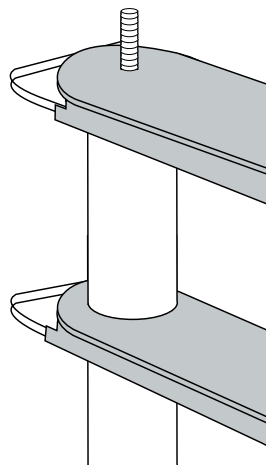

14 Adjust the feet to the height required, ensuring the stand is level in the location you want to use it in.
